

WIFE BEATER IS LASHED BY THE SHERIFF

OREGON LAW IS PUT INTO EFFECT FOR FIRST TIME

Stripped to the Waist the Offender Is
Given Twenty Lusty Strokes and His
Back Is Badly Lacerated

PORTLAND, Or., June 7.—The whipping post law passed at the last session of the legislature, was carried into execution for the first time here today, the victim being Charles McGinty, who was convicted of wife beating and sentenced to receive twenty lashes.

The whipping was performed by a deputy sheriff under the direction of the sheriff and the assistant county physician.

The whip was a braided blacksnake made of rawhide with four lashes.

After receiving the sentence McGinty was hustled back to the jail and stripped to the waist and his manacled hands tied to the door high above his head.

The whipping was as severe as a powerful deputy sheriff was capable of administering. The blood was drawn at the fourth blow and the prisoner writhed, groaned and strained at the manacles.

When the punishment was inflicted McGinty was released from custody and soon left the jail unassisted.

He was punished because he repeatedly beat a frail wife, blackening her eyes because she refused to give him her earnings for him to squander.

KING STILL GUEST OF BRITISH PEOPLE

LONDON, June 7.—Under improved weather conditions King Alfonso paid an official visit to the city and was entertained at a luncheon given by the lord mayor of the corporation of London.

The processions coming and going were of an imposing character, affording the people an opportunity of welcoming the young monarch.

Later King Alfonso and King Edward went in a motor car to Rahelagh, where a polo match had been arranged.

Tonight he was dined by the secretary of state. The American ambassador and many other notables were present.

This morning while passing through the shopping districts in a motor car the king's car caught fire. He returned to the palace in another car provided by the detectives who were in attendance.

ONLY ONE BID RECEIVED FOR NEW POSTOFFICE

(Special to The Journal.)

WASHINGTON, June 7.—This was the day set for opening bids for the construction of the federal building at Reno, Nevada. The call asked that the bids be sent to the office of the supervising architect. The only bid offered was that of H. Maxwell of Pierre, South Dakota. It amounts to \$48,865.

Through Senator Newlands Congress recently apportioned \$60,000 for the building at Reno. The plans were prepared several weeks ago and the call for bids issued soon after. It has not been announced whether the bid made by Maxwell has been accepted. In the event that it is work on the new building is to begin without delay.

PEACE TREATY IS THOUGHT TO BE UNDER WAY

Cables Between Continents Are Kept
Hot With Messages and Long Cable-
gram Is Sent From St. Petersburg

WASHINGTON, June 7.—The preliminary peace negotiations between Russia and Japan are generally believed to be under way.

It is conceded that President Roosevelt will not act as a mediator, but as a "friendly channel of communication."

As yet no official admission has been received that Russia has accepted the offer of good will of President Roosevelt, although the instructions to the Russian Ambassador are believed to have reached the ambassador tonight in a long cablegram which was received at the embassy at a late hour.

When the Japanese ambassador was interviewed he said:

"The situation is too delicate at this moment for me to say anything. When there is something definite I may say something, but do not expect anything definite for some days."

President Roosevelt, through Minister Takahira, is endeavoring to get an idea of Japan's peace terms. Minister Takahira is communicating with his government.

Tunnel Plans

Special to The Journal:

TRUCKEE, June 7.—Twenty-seven different surveys of proposed tunnel routes through the Sierra Nevada mountains from this point have been made by the Southern Pacific Company. These surveys, together with plans and specifications and estimates of the cost of each route will be submitted at a meeting of the board of directors of the Southern Pacific Company to be held in July.

It can be almost officially stated that the tunnel will be built. The directors meeting will determine what survey will be followed and soon after the work will start.

BREAKS FROM RULE OF SWEDISH KING

Storthing, Representative Body of
People, Declares King Oscar No
Longer Monarch

CHRISTIANIA, June 8.—Norway from today is a fully independent sovereign state. Such is the text of editorials in the leading Norwegian newspapers reflecting the spirit of the people of Norway, in accepting today's action of the Storthing when it declared King Oscar no longer king of Norway.

At a meeting here tonight the Storthing addressed a proclamation to the Norwegian people in which is given a detailed account of the events preceding the passage of the resolution. It says:

"The Storthing hopes that the Norwegians will succeed in living in peace and good terms with all and not the least with the Swedish people, with whom we are linked by many natural ties."

"The Storthing feels sure that the people will join with it in maintaining the full independence of Norway."

The proceedings of the Storthing were marked by supreme good order and dignity. Great crowds were present but no excitement was evidenced.

Quiet respect was shown the members of the Storthing as they left the building. The people seem to realize the responsibility placed upon them.

Especially respectful was the ovation shown M. Michelson, the retiring premier, who when he was interviewed said he was exceedingly pleased at the dignity shown both inside and outside the Storthing. If necessary the Storthing will defend the step taken with force of arms.

Our New Ice Cream Parlors

For the past two weeks we have had workmen employed remodeling the balcony over the windows in the front of the store. They have at last finished their work and from now on our cream and ice drinks will be served there. Overlooking, as it does, the entire store within and the busy street and the beautiful Truckee without, these parlors make an ideal place for enjoying a delicious dish of ice cream or sherbet or a nice cool drink.

New Art Department in Balcony

The southern end of the balcony is set apart for the exclusive use of our Mrs. Morrill's class in art work. The space now afforded is much larger than formerly and can accommodate all ladies desiring to take advantage of this splendid opportunity of becoming proficient in art work.

The class will meet every afternoon at 2 o'clock and until 3:30 Mrs. Morrill will give instructions to her class free.

Purchase Tickets

With every purchase amounting to 25c or over we give away purchase tickets. These tickets are good for any articles in the Bazaar Department, or for candies, gum, ice cream and hot or iced drinks in the Candy and Ice Cream Department. Don't forget to ask for them and it will surprise you how quickly they count up with only a few days purchases.

UNCLE JOE CANNON'S SORROW

UNCLE JOE CANNON, speaker of the national house of representatives and stand-patter extraordinary, is a worried man. He made a trip to Washington lately and, according to the Post, his first hard work there was a perusal of the treaty with Panama and the law authorizing the construction of the canal. Then he said:

"I do not know that I have any message to the public touching the construction of the Panama canal. My recollection is that the act of 1902 authorizes the president to construct the Panama canal, and to acquire and operate the Panama railway, and it especially authorizes him to enter into the necessary contracts to accomplish the work. My recollection is that the authority of the president in the premises is plenary."

Later on in the discussion the question of the purchase of ships and supplies for the canal, "Uncle Joe" said: "I take it for granted that all the supplies needed should be, and will be, product of our own labor wherever practicable."

Naturally, "Uncle Joe" in common with other friends of the protected interests, is alarmed by the announcement that millions of the canal money are to be spent abroad because the president declines to permit the government to rob itself by means of the tariff wall on which the trusts are fattening. It gives the president a splendid opportunity to accomplish three things: First, it will save the government money; second, it will deliver a blow at the trusts which hoped to corral the canal money; and third, it will emphasize the need for tariff revision.

Evidently, "Uncle Joe" got scant comfort from the documents in the case. He discovered the president has "plenary authority" and is therefore out of reach, unless congress amends the law to compel the purchase of all supplies at home.

And what a bally old row that would stir up! The passage of a law to loot to the extent of millions the already sadly depleted treasury by forcing the government to pay the extortionate prices charged by the protected interests at home would be a tariff revision argument that the stand-patters could not answer though they talked themselves black in the face.

A writer in the Post is undoubtedly right when he says: "Be sure that will not be done. The stand-patter is a good many things, but he is no fool, and he knows that such a law as that would be a severer blow to excessive duties than all the logic of all the free traders from Adam Smith to Hoke Smith.

Truly, these be troublous days for the stand-patters and their protected friends. The latter, if they would share in the distribution of the canal money, must come down to the prices charged abroad and that will hurt.

It looks as if the president had all the best of the situation and, with all talk of his future candidacy definitely put to rest by his own words, he is impregnable. That he will utilize every advantage presented by the situation is not to be doubted, and "Uncle Joe's" perplexity has abundant justification. — S. L. Herald.

WHERE THE MONEY COMES FROM

THE interview published in The Journal with Mr. Hutton, late of Shanghai, a day or two ago is proof confirmatory of what The Journal has all along contended—that the newspaper accounts from the seat of war have been guilty of gross injustice to Russia—have been nothing more than "cooked-up" narratives intended to show that Russia has been getting far the worst of it, and that Japan was winning in a walk.

The motive of this is obvious. In modern warfare money is a greater factor than ever before. If Russia could be shown to be a sure loser, her credit might thereby be destroyed and her ruin assured. If Japan could be made out an inevitable winner, her somewhat shaky finances might be placed upon a firmer basis and her prospects of winning greatly increased.

Japan is a poor country, and it is unlikely that the money for the purchase of newspapers and newspapermen comes from her. On the other hand it is almost a certainty that England is supplying the sinews of war in this direction. England has been using Japan to pull her chestnuts out of the fire, and while the wily Briton is chary about the spilling of his blood, he always has gold to spare for the furtherance of his purposes. England is a commercial nation and has found out not only that money talks, but that money fights as well.

It was English gold that bought the body of Joan of Arc, and the verdict of the Judges that condemned her to death by the flames.

It was the same agency that purchased the assassin who stabbed Prince Ewan, of Wales, the last rightful claimant of the throne of his country.

It was from the coffers of Elizabeth that came the coin

that maintained civil war in France for nearly forty years and almost split that nation in twain.

It was Cromwellian coin that purchased the poison that sapped the life of Owen Roe O'Neill and ended the last important rebellion in Ireland.

It was gold that hired the Hessians in her war against our own country from 1775 to 1781 and again that incited the savages to outrage and murder in our war of 1812.

It was gold supplied by the younger Pitt that kept alive the warfare against Napoleon and led to Waterloo in 1815. And there is more than a suspicion that British coin was one of the agencies that kept the Confederacy afloat from 1861 to 1865 and greatly prolonged that dreadful strife.

This is the record of England's gold in warfare and bloodshed by assassination. Incidents like the purchase of the liberties of Scotland and Ireland by the acts of union in 1707 and 1801 are too common for repetition.

Is it too much to believe that the lying reports of purchased press correspondents, so damaging to the prestige and financial standing of Russia, are attributable to the same insidious agency?

If so, what can we believe from history?

THE latest feat of Governor Chamberlain, of Oregon, was to arrest a pickpocket? Oregon has a chief magistrate that for a strenuous life could occasionally give a tip or two to the redoubtable Teddy Roosevelt.

ADMIRAL ENQUIST asks for fourteen days in which to hold his inquest. Considering the magnitude of the catastrophe, there should be no abridgement of the time.

THE British navy is getting back to its old fad of sinking vessels in times of peace. It seems to be as fatal to its own merchant marine as Togo was to Rojestvensky.

HE ARRIVES TOMORROW

Marvin Hart, the Big Kentuckian Aspirant for Championship, Will Soon be Training

Marvin Hart, one of the principals in the big championship fight to be pulled off here on July 3d, will arrive in Reno tomorrow morning, accompanied by his trainer and sparring partner, Jack McCormick.

While arrangements have not been completed for Hart's training quarters it is certain that he will either train at the Wheelmen's Club or at some point between Reno and Sparks. Root will be here Sunday. The promoters of the fight are having a diagram of the amphitheatre made that the public may be able to secure good seats in advance and know just where they will sit.

There has been some talk of selecting a local man as referee, but nothing will be done in this direction until the men meet and agree upon some man who will be mutually agreeable to both.

Alex Greggians of San Francisco has been suggested as a man who not only thoroughly knows the game through long association with it, but one whose decision would be fair and honest.

Greggians is now running a saloon in San Francisco, but in 1899, while he was in the fighting business he was defeated by Root in a seven-round fight. There are any number of reliable sporting men in Salt Lake, Denver and San Francisco, who would make acceptable referees. The responsibility of the referee in the Root-Hart fight will not be as great as if it was a limited round contest, as the men will fight until one or the other takes the full count. There is very little probability that the fight would go such a length that it would be necessary to call it a draw, as both Root and Hart are whirlwind fighters and go in to win right from the jump.

They have signed articles to fight to a finish and each will try to do the trick as soon as possible.

Special care is being taken in the construction of the ring. The posts will be heavily padded to prevent either of the fighters being injured by coming in contact with them and in the general construction of the amphitheatre many of the features of the arena built for the Corbett-Fitzsimmons fight at Carson will be embodied in the structure now in course of construction here.

TURRITTIN SAYS HE IS OUT OF POLITICS

General Turrittin has been spoken of for some time as gubernatorial timber, the suggestion having cropped up during the recent municipal campaign, but he will not be a candidate.

That is certain and authoritative, the information coming from no less source than Mr. Turrittin himself. He stated a day or so ago to a representative of The Journal that under no circumstances would he accept the nomination for governor nor any other office in the gift of the people, concluding with the remark:

"I have had enough of politics, having been honored with the first mayoralty of the city of Reno."

The elision of Mr. Turrittin from the slate is causing considerable buzzing among the politicians. It is evident that there will be a centralization of forces upon some fortunate or unfortunate timber within the next few days and the grand old Republican party will have settled in its own mind who will be the next governor of Nevada.

Program Will Be Hummer

Reno Eagles are looking forward with keen anticipation to the big social session to be held one week from tomorrow night. The lodge considers itself fortunate in securing the services of Sam Klepetar, who has served as social chairman at a number of events of this nature held here in the past, on the committee on arrangements.

Mr. Klepetar very acceptably presided at two former social sessions and the lodge is planning to make the forthcoming social one of the big events of its kind. The presence of the ladies will lend a charm to the event. A long and varied program is being arranged. With Mr. Klepetar on the committee of arrangements are Dr. Robert F. Kane and C. Buncel.

Dance at the Pioner Grounds
Instead of the usual weekly dances at New Wheelmen hall, Professor Holland will hereafter give a dance every Saturday night, beginning June 10th, at Riverside pleasure park, one mile west of town. Busses leave town at 7 o'clock and dancing will begin at 8 o'clock sharp.

NEW CENTURYS WANT TO WIN

San Francisco Boys Intent Upon Defeating Reno in Big Race on July 25th

From reports received from San Francisco Reno will have the race of its life when the local team meets the New Centurys on the afternoon of June 25th. The boys at the bay are determined to win at any cost that is fair in the sport. They are training hard and are out for championship honors.

So is Reno. The Nevada team held the honor against all comers for so long that they feel lonesome without it. To get in good line it is necessary that the New Centurys be defeated first. The following Sunday will witness the great championship event and if the Garden City win it will not be because the Sagebrush riders did no do their best.

Considerable interest has been aroused as the result of the deft of Bradshaw of the Goldfield Athletic Club. Bradshaw wants to meet any rider in the state for a distance of one or two miles. The local riders are considering his offer and it is probable he will be given an opportunity to prove his speed at the meeting to be held on July 2d.

The local riders are training faithfully every day. It will be hard to select a team from the bunch for the reason that every one now training is making fine time and every one of the aspirants for a position on the big team is rapidly rounding into condition.

HAS GOOD WORDS FOR EUGENE HOWELL

Eugene Howell, who recently resigned his position with the Washoe County Bank of this city to become cashier of the Tonopah Banking Corporation, has arrived in Tonopah and a local paper has this to say of Mr. Howell:

Eugene Howell, the newly appointed cashier of the Tonopah Banking Corporation, has arrived in town to enter upon the duties of his responsible position.

Mr. Howell is one of the prominent men of the state and has been active in political and business circles. He is regarded as a financier of ability and will make many friends for the local banking institution. Previous to his acceptance of the position of cashier for the Tonopah Banking Corporation he was connected with the Washoe County Bank of Reno.

While this is not his first visit in this camp, he states that the growth of the town has been so rapid since he last saw it that he feels as if he were a stranger. As soon as he is fairly settled he will remove his wife and family from the Riverside town and make Tonopah his future home.

MARS GOES UP NEXT SUNDAY

Injured Aeronaut Rapidly Recovering and Will be Ready to Again Risk His Life

Winnemucca will try conclusions with the Overlands on the diamond at the new state park next Sunday. The ball players from Humboldt county are reputed to be the best in Nevada. Some of them are old ball players, ex-members of league teams. They have been working together for some time.

Reno has held championship honors in the baseball game for some time and now the eastern Nevada players think they have players enough to transfer the pennant. As a result the Overland boys are on their mettle and a good game is promised.

In addition to the ball game there will be a balloon ascension. Professor Mars, who had such a narrow escape from death last Sunday, will go up. Mr. Mars is still slightly lame as a result of his fall, but will be in good condition, he says, for the next attempt and promises that it will be a success.

It now appears that the accident last Sunday was the result of thoughtfulness on the part of the aeronaut, who did not care to cut the guy ropes and allow the poles to fall into the crowd.

The street car service the coming Sunday promises to be much better than last Sunday, for Dr. Reid will give his personal attention to arranging the schedule.

SLOT MACHINE CASES DISMISSED

District Attorney Considered the Evidence Was Insufficient to Secure a Conviction

The cases which have been pending in the justice court for some time past against Harry Parsons, Richard Allen, Bob Ewing and S. Seffe, accused of stuffing the slot machines in this city with lead quarters, were dismissed yesterday on the motion of the District Attorney.

It was the opinion of the District Attorney that the evidence against the men was insufficient to prove them guilty of a crime and advised Judge Pollock to remove the indictment, which was done.

This case has been attracting considerable attention among the people of the state and it was thought by some that a test case would be made of it.

Bowling Contest Sunday

Another bowling contest will be held on the Wallstab alleys next Saturday and Sunday. Two prizes will be given for the two highest scores made. They will be a pair of imported Angora cats and a pair of Belgian hares. These contests are attracting large crowds to the alleys and a great deal of interest is taken in them.

GRAND BALL BY GOOD TIME CLUB

Will Entertain Next Saturday Evening in Robison's Hall by a Social Dance

The lovers of dancing will have their desire in that line satisfied to their satisfaction if they attend the dance to be given in Robison's hall next Saturday night by the Good Time Club. The club is making elaborate preparations to insure this dance to be the greatest social success of the year and without doubt their labors will meet with a just reward.

The hall will be especially prepared for the occasion. It will be handsomely decorated and the floor will be placed in the best possible condition. Music will be furnished by Merrill's orchestra of Reno.

During the evening refreshments will be served by the ladies auxiliary of the Brotherhood of Locomotive Firemen. The proceeds derived from the sale of these refreshments will be used in building a fraternity hall.

IN THE World of Sports

By DICK DEAN

The spectacle of a fighter meeting a man in the ring who is old enough to be his father will be witnessed by the Salt Lake sports in the contest between Robert Fitzsimmons and Mike Schreck, which is billed for July 4th. Fitzsimmons claims that he is but 43 years of age, while his opponent is 23 years of age. This leaves a discrepancy of 20 years in the ages of the men.

It has been frequently commented by sporting men that Fitz should take a tumble to himself and get out of the ring before some lusty limbed young man comes along and put him out of the fighting business for good. A glimpse into the personal affairs of the lanky Australian will reveal the fact that Fitz is not fighting at his advanced age because he likes the business, but because he needs the money. While Fitz has won a barrel of coin in his time he is today comparatively a poor man and as the last couple of seasons have not found him a conspicuous success on the stage he is again back in the ring. He is fighting for the money there is in it, not for glory, and because stern necessity requires him to get out and gather in some coin for the proverbial rainy day. For with fighters, when they commence to hit the toboggan, down they go and they seldom get a call after having struck the down pace.

But with Fitzsimmons it has been somewhat different. He has been making his farewell appearance in the ring for a number of years. He has been a remarkable man, but in his fight in Salt Lake it looks as if he had made a mistake in taking on a vigorous youngster like Schreck. Fitz would probably be all right with some of the old timers these days, but he is too old to go in and rough it with as hard a man as Schreck.

The match between Britt and Nelson, which was to have taken place in San Francisco has been called off. Nelson's last engagement with Kid Sullivan, in which the Dane was knocked clear through the ropes and almost out, sent his chances for an early try for the championship glimmering. Britt has decided to take on Kid Sullivan. Wise Jimmy sees in Sullivan an easy mark for a twenty-round go, despite the fact that Nelson was badly beaten in six rounds by Sullivan.

There are any number of second and third rate fighters around the country who can whip Nelson in a six round contest. But Nelson was looking for some easy money in the east and his poor showing in the six-round fight gave Britt an excuse to get out of his match with Nelson. There are many who believe that Nelson can dispose of the present champion, and certain it is that Britt is not particularly anxious to take on a man who stands as good a chance to wrest the title from him as Nelson, especially when he can get big houses by fighting men like Sullivan.

SHORT BROTHERS IN THEIR NEW HOME

Short brothers, the stablemen are now comfortably located in their new building on Lake street. The stables were erected after their own ideas and are modern in every way.

They have accommodations for 100 or more horses and an equal amount of rigs. The building is so arranged that there are plenty of exits, the place is well ventilated and in every way comes up to the plans of a modern home for horses. The stalls are large and roomy, perfectly drained and with wooden floors, while the corridors are cemented. The proprietors intend section of the state. The owners manner.

"FOLLOW THE LEADER"

Is an old game, but there are BICYCLE FIRMS who are playing the game yet. They are following the Nevada Cycle and Manufacturing Company's lead by trying to imitate the Nevada Bicycle. They are buying a wheel and putting on their NAME PLATES. Now, remember, that it takes factory experience to make a bicycle, and the Nevada is the first and only wheel that was ever made in Nevada, and no other shop ever made a wheel here, but the Nevada Cycle and Manufacturing Company, who make all their wheels except the cheapest model. No other firm or employes of other firms have had any factory experience. The Nevada Cycle and Manufacturing Company were the first to introduce the cushion frame and coaster brake in Reno and the first to give bikes away as prizes. The Nevada Cycle and Manufacturing Company, 11 West Second street, guarantee all their work, are agents for the Racycle (the wheel that won the grand prize at St. Louis, World's Fair), the Tribune, the Columbia and make the Nevada for Reno's rough roads.

Another \$50 bicycle given away by them. Tickets with every 25-cent purchase or paid in on repairs or account.

SEARCHING FOR LONG LOST SON

Mrs. Livingston Riding to Gold Camps on Bicycle in Hopes of Finding Her Boy

Attired in a corduroy costume and riding a dust covered bicycle, Mrs. Ponsonby Livingston, a stately looking woman, about 35 years of age, arrived in Reno yesterday.

She rode her wheel all the way from Stockton, California, and is now on her way to the mining camps of southern Nevada, in search of her son, Arthur.

Mrs. Livingston and her boy, who is about 18 years of age, resided in New York City until about a year ago. The boy caught the mining fever at that time and bidding his mother goodbye started for Nevada. That was the last she has seen of him and a few months ago started out to find him.

She went to Stockton, California. There has funds ran low and to keep up her quest purchased a bicycle and with it is now continuing her journey.

"My son left New York nearly a year ago," said Mrs. Livingston, yesterday morning. "He told me he was coming to Nevada to make his fortune in the mines. I have not seen him since, though several times I have heard of him and I think he is in Tonopah now and if not there he has gone to the Bullfrog district. I started out to find him a few months ago and spent some time at Stockton. There I found the expense of traveling so great that I decided to try a bicycle. I am having no trouble in traveling through the country and do not fear the trip to Tonopah in the least."

Mrs. Livingston continued on her journey yesterday afternoon.

FRUIT GROWERS WILL ICE THEIR OWN CARS

LOS ANGELES, June 7.—The Continental Refrigerating Company was incorporated here today with a million dollars capital of which \$10,000 has been subscribed.

It is said that the fruit growers are behind the company with their private capital interested for the purpose of icing fruit shipments for the east.

This business is now in the hands of the railroads and it is claimed the rates are excessive. It is also said that the new company will be able to reduce the present rates one third. The incorporators are all local people.

Monument to McKinley
READING, Pa., June 7.—The unveiling of a handsome monument to the late President McKinley made this the big day of the annual state encampment of the Grand Army.

WESTERN PACIFIC OFFICIALS TO CONFER

SAN FRANCISCO, June 7.—W. J. Barnett, vice president and chief counsel of the Western Pacific railroad, has left New York for home and will arrive here next Saturday night. He will return with Virgil G. Bogue, consulting engineer for all the Gould roads.

On Barnett's arrival the directors of the company will formally approve of the new \$50,000,000 blanket mortgage which is to cover all of its property and rights of way and which is to secure a similar amount of bonds. The old mortgage for \$50,000,000 is to be canceled.

Bogue has finally approved of all the surveys for the new overland line between Oroville, this city and Salt Lake City. He still has under consideration the surveys between Oroville and Sacramento and between the latter city and Oakland. Later on he will give attention to surveys for branch lines to San Jose and other points.

The local directors say actual construction work between Oroville and Beckwith Pass, this state, should begin following the home coming of Barnett with Mr. Bogue.

Beef Investigation Resumed
CHICAGO, Ill., June 7.—Interest in the beef trust inquiry revived today with the reconvening of the federal grand jury which adjourned three weeks ago after devoting several months to the investigation of the packers' combine and its operations. MARRIED AT SACRAMENTO

Well Known Reno Couple Wedded Last Week and Announce the Fact Yesterday

P. J. Shea, of the firm of Clock & Shea, the well known Reno contractors, was married at Sacramento last Thursday. His bride was Miss Margaret Henry, daughter of James Henry. The news was received in Reno yesterday morning. Not even the most intimate friends of the happy couple were in on the secret and the news came as a pleasant surprise.

The ceremony was performed by Father Quinn of the Catholic Church at Sacramento and now Mr. and Mrs. Shea are in Southern California on their wedding trip. They will attend the Knights of Columbus convention now in session there, after which they will visit different points of interest throughout the state. It will be several days before they will return to take up their home in Reno.

The bride is well known here. She is a graduate of the University of Nevada and for several years has been head bookkeeper for the Reno Mill and Lumber Company. She has hosts of friends in Reno and is popular with all.

Mr. Shea has been in Reno for some time. He has met with much success in the building and contracting line. He is a thorough business man, but at the same time has a happy faculty of making and retaining friends.

TERSE TALES OF TOWN

H. T. Wilkinson left last night for San Francisco, where he will spend the summer.

Judge Currier yesterday set the hearing of the case of Schroeder against Pike for July 6th.

The funeral of Mrs. McDonald, who died at Verdi Monday, will be held this afternoon at Truckee.

Colonel H. B. Maxson passed through yesterday on his way from San Francisco to the eastern part of the state.

"Parsifal" at opera house on Saturday night in a colored reproduction of the great play from the original company.

George Perkins spent yesterday at Carson as a witness in the Whitten damage suit being tried in the federal court at the capital.

Mrs. S. H. Jones, wife of the pastor of the Presbyterian Church, has left on a visit to her uncle, Chief Justice C. E. Wolverton, at Salem, Oregon. She will be absent for the summer.

John A. Fitzgerald and family will leave this morning for San Jose. They go on a vacation trip. Mrs. Fitzgerald and children will be absent about three months. Mr. Fitzgerald intends to return home about June 20th.

WRECK CAUSED BY OSCILATION

Smashup of Freight Train Near Summit Yesterday Morning Reveals New Danger

A new terror has been added to railroading and deserves classification with the misplaced switch, cracked flange, washout, landslide and the many other menaces to life, limb and property.

The half filled tank car placed another smashup to its credit yesterday morning, derailing a number of cars and tearing up several rail lengths of track.

An east bound freight had climbed the Sierras and was plunging down through the snow sheds. One mile from the summit, while rounding a curve, a partly filled oil tank car jumped to maintain the stable in a first class. Fortunately no one was hurt, but trains Nos. 14 and 6 were held three hours while the debris was picked up and the track repaired.

An entirely filled or empty tank car is as innocuous as a box car loaded with hymn books, but a partly filled tank oscillates like a pendulum, swaying to and fro in response to curves and inequalities in the track.

Harry W. Clark, who has been for a number of years in charge of the soda water fountain at Gruenhagen's in San Francisco has accepted a position with Gray, Reid & Wright. He will look after the soda fountain at the big store.

O. H. Hartung, who for several months past has been visiting at Los Angeles and other points in southern California has returned home. Mr. Hartung is much improved in health and will probably remain here for some time.

Richard Taylor, a member of the class of '01 of the University of Nevada has accepted a flattering offer from a mining company in South Africa to take charge of the erection of a number of mills in that country. He will go to Rhodesia and will leave for that place as soon as he can arrange his business affairs at home. He will be absent for several months.

W. L. McGinnis, formerly a resident of Virginia City, but now chief clerk of the Pullman Car Company, with headquarters at San Francisco, has been visiting friends on the Comstock and in Reno for the past several days. He will probably return to the city the latter part of this week.

dette consents to occupy the throne Norway must not expect succession to the Swedish throne.

N. Arotander will be Norway's first foreign minister. It is learned that Crown Prince Gustave will return immediately from Berlin.

It is also understood that an extraordinary session of the Swedish Riksdag will be called for June 26th, if not earlier, as the result of the action of the Storting.

STOCKHOLM, June 8.—A great patriotic demonstration of loyalty to King Oscar was the answer to the Norwegian coup d'etat. A great procession with a band went to the castle. The newspapers take an extremely serious view of the crisis.

Oakland Forfeits Game
SAN FRANCISCO, June 7.—Baseball on the coast today:

At Tacoma—Tacoma 11, Seattle 1.
At Los Angeles—Los Angeles 1, Portland 0.

At San Francisco—The game was forfeited to San Francisco in the fifth inning because Oakland delayed the game; San Francisco 4, Oakland 2.

BAKELESS RETIRES FROM BUSINESS

I. N. Bakeless, for twenty-two years engaged in the grocery business in Reno, has retired. Last Monday he transferred his interests to F. M. Barnett and T. S. Wendt. Both gentlemen have had much experience in the grocery business.

The latter gentleman will perhaps be better known as "Thude" Wendt. He was employed by Mr. Bakeless for twelve years.

Mr. Barnett has also had much experience in the grocery line.

The new firm contemplates many improvements in their store on Second street. Mr. Bakeless retires to take a rest and to attend to his outside interests.

Steamer Damaged by Fire
SAN FRANCISCO, June 7.—Fire broke out in the forward hold of the steamer State of California at an early hour this morning, entailing a loss of \$25,000.

FATAL ACCIDENT IN TONOPAH MIDWAY MINE

Special to The Journal:
TONOPAH, June 7.—As the result of a cave-in on the 435-level of the Midway mine here today Hector Wiley sustained injuries from which he cannot recover.

Wiley was engaged timbering a drift from the 435 level and while in a stooping position he was caught by the falling of several tons of ore.

When dug out it was found that he had sustained a broken spine and his entire frame was more or less crushed. He was taken to a hospital but little hope is entertained for his recovery.

At the time of the accident several men were in the drift, but Wiley was the only one injured. The injured man is 50 years of age and has a brother who resides in Sacramento, Cal.

Bates to Be Commander
WASHINGTON, June 7.—Orders were issued at the War Department today relieving Major General John T. Bates from duty in command of the Northern military division, with headquarters at St. Louis, and directing him to proceed to Washington.

Brigadier General Theodore J. Wint, commanding the Department of Missouri, with headquarters at Omaha, in addition to his present duties, has been ordered to assume command of the northern division until a permanent assignment is made.

These orders were issued in anticipation of the retirement of Major General George L. Gillespie, assistant chief of staff, on his own application after nearly forty-eight years of active service.

LEGAL ADVERTISEMENTS

Hundred Dollars Reward
I will give a reward of \$100 for information leading to the arrest and conviction of any person or persons who have been tampering with the Wieland Brewing Company's delivery wagons and removing revenue stamps from the beer barrels while on the wagons. These same parties have also removed parts of the delivery wagons. The last outrage happened some weeks ago in the alley near the Tomamichel house. Near the Sacramento beer hall the nut from one of the front wheels of the wagon was taken off while the driver was attending to his customers. This outrageous, cowardly act was done to injure the driver and cause a runaway, with possible loss of life and damage to property. The wagons are still being tampered with. This is being done by a sneaky clique, who are anxious to secure for some one a job on the wagon.

MAY PROVE A BIG PRODUCER

Spring Valley Mining Property to be Developed by Prominent Nevada Men

Captain W. L. Cox of the Riverside Mill returned yesterday from the Spring Valley mining district, twenty-nine miles from Lovelock, where he spent several days with a number of prominent Nevada people, who have recently become interested in the section and will commence development work, the first of any consequence that has ever been done in that part of the district in which the recent strike was made.

"For many years," said Captain Cox, discussing the matter yesterday, "prospectors have been trying to find the ledges from which the placer gold the camp has produced during the last three decades has come. More than \$14,000,000 in placer gold has been taken out and today some of the Chinamen operating under leases in the placer district are taking out as much as \$20 a day with a rocker.

"The ledge from which the placer gold down in the canyon is supposed to have come was first located by Pike and Hagan and is about two miles from the lower placer workings, a few hundred feet over the top of the hill.

"Some tremendous values have been secured right near the surface, some running as high as \$18,000 and the whole lot of values ran very high in values. On a property a mile away a prospector has \$208 ore and in the other direction, about the same distance from the big property, \$118 ore has been taken out of a prospect hole.

"The showing was regarded by Senator George Nixon, George Wingfield and Fred Danberg, who were interested in the property, as being such as to warrant some development work and they are going ahead without delay to prospect the ledge.

"As the development work being done by Messrs. Nixon, Wingfield and Danberg is the first of any consequence done on the ridge in that section of the district, some great things may be expected of the property. It is undoubtedly the source of a portion of the great placer deposits in the gulch below and high assays have been secured right from the surface.

"In Spring Valley gulch, three miles below the new find the Bonanza King mine has been operating for a number of years and has paid its owners a large sum of money in dividends. The mill is being run night and day and the company is making extensive improvements to further develop its properties.

"The new find has attracted the attention of many prospectors and the ground for three miles about has all been staked. A town site has been located and the summer will see a large number of small properties in process of development."

THOMPSON FUNERAL WAS HELD YESTERDAY

The funeral of the late F. H. Thompson, who died in this city Sunday, was held from the parlors of Perkins, Oliver & Gulling yesterday afternoon.

As Mr. Thompson's father is a prominent member of the Masonic order at Westfield, Mass., the many members of the fraternity in this city were present at the funeral and the pall bearers were Masons.

The services were conducted by Rev. Mr. Unsworth of Trinity Episcopal Church and the interment was in Mountain View Cemetery.

THINKS WELL OF BEOWAWE

California Mining Men Say New Lander County District Will be a Hammer

J. H. Covode, a wealthy mining man from California, was in Reno a few hours yesterday on his way from the new Beowawe mining district, 200 miles east of this city in Lander county.

Mr. Covode left yesterday for Olinghouse, where he will look the various properties in the bonanza camp over before returning to his home in California.

Mr. Covode is a mining operator of means and as he has become interested in the Beowawe district it is likely he will also put in some money at Olinghouse.

"The Amalgamated Copper Company," said Mr. Covode, "thinks sufficiently well of the Beowawe district to put a large sum of money into the development of one of the most promising properties in the district. For many miles the country is staked out and there is quite a rush to the new district.

"There are some great deposits of highly mineralized ore carrying values ranging from \$12 to \$600 to the ton. The district certainly has a great future."

"The district ore bodies are Telluride rock and I believe this is the first rock of this character which has been found in Nevada, outside of Diamondfield, in the southern country. There is ample water to run a large number of small mines and the conditions for mining are unusually good. I look to see the country south of Beowawe become a large producer.

"The value carrying rock is a red and blue and the latter is almost identical with the ore taken from the Jumbo mine, near Goldfield. There is no chance to locate any new claims, as the country has been well taken up through the mineralized section. It only remains for capital to go in and develop the country."

Five Thousand Acres of the Finest Land in the World for Sale

We have decided to open for settlement our large tract of land lying in Prosser and Spanish Spring Valley, Washoe county, a distance of from three to ten miles from Reno.

The first 2500 acres we will sell at \$40 per acre. The purchaser to pay \$20 per acre, as a first payment, receiving the deed for the property, the balance of \$20 per acre to be paid at the convenience of the purchaser. We to give a bond guaranteeing to furnish water for the lands. The money to be paid as a first payment on said lands will be used in the enlarging and extending of our ditch line to said property.

The balance of the land will be sold at \$60 per acre under the same terms. For further information inquire at the office of the Reno, Power, Light & Water Company or to P. L. Flanigan, president of the RENO, POWER LIGHT & WATER COMPANY.

Bright's Disease and Diabetes News

Office Wine and Spirit Review, San Francisco, Cal.

To the Editor of The Journal: Dear Sir—The business men of this city who are proclaiming to the world the discovery of the cure for Bright's Disease and Diabetes have asked me as one of the beneficiaries to write to my brother editors. Hence this letter to you. I was as skeptical as anyone. I had a clear case of chronic Bright's Disease; was ill for a year. It was not thought I would live thirty days. The President of the Pacific States Tyoe Foundry told my wife about it, and against my private convictions I was put on it. In six months my recovery was complete.

I told several who got well. Among them was one of the writers on the Call, whose mother had Diabetes. She has fully recovered. As a brother editor I personally assure you of the truth of the discovery.

Fraternally yours,

R. M. Wood, Editor.

The above refers to the newly discovered Fulton Compound, the first cures the world has ever seen for Bright's Disease and Diabetes. We are the sole agents. Ask for pamphlet, J. B. McCullough, Reno, T. J. Steinmetz, Carson. When to suspect Bright's Disease—weakness without cause; puffy ankles, hands or eyelids; kidney trouble after the third month; urine may show sediment; falling vision; drowsiness; one or more of these.

RIGHT OF WAY FOR A SEWER

City Institutes Condemnation Proceedings Against Property Owned by Englishmen

City Attorney Stoddard yesterday commenced condemnation proceedings against the heirs of the Brown estate, to secure a right of way for the Spokane street sewer, through property owned by the estate. The heirs of the estate all reside in England and are represented by Sardis Summerfield.

The city contemplates the construction of an extension of its sewer system running from the end of Spokane street through the eight acres of land owned by the heirs of the Brown estate.

An effort was made by the city to secure a right of way through the property, without taking the matter to court and instituting the statutory condemnation proceedings, but the heirs refused to sell unless the city would take the entire tract of land off their hands.

The city of Reno, in its complaint, which was filed in the district court yesterday alleges that the sewer is for the benefit of the public and as a sanitary measure it is a necessary improvement; that the proposed route of the sewer across the Brown property is the shortest and most feasible for the sewer, which will drain quite a section of the northeastern part of the city; that without the outlet through the Brown property the sewer would be useless, as that is practically the only route practical from the end of Spokane street to the Truckee river.

SIERRA COUNTY LOSES ITS SHEEP TAX SUIT

The suit brought by Sierra county, California, against Flanigan and Wheeler was finally decided in the Circuit Court at San Francisco Monday. Judgment was ordered in favor of the defendants.

Sierra county brought suit to recover taxes on sheep then pasturing in that section of the state. The owners maintained that they paid taxes in one section and could not be compelled to make a double payment. The case was brought into the courts and bitterly fought by both sides. The result is a decided victory for Messrs. Flanigan and Wheeler and it also settles a mooted question.

GRADING WITHIN SIX MILES OF TERMINUS

Grading on the Hazen cutoff has now reached a point within six miles of Fort Churchill. A. J. Barclay of the engineering department returned from a tour of inspection last evening and reported that the work is progressing in a most satisfactory manner. There is a large force of laborers at work and construction is being rushed as speedily as possible. At the present rate it will not be long before trains are speeding over the cutoff and into the southern mining camps.

Now With the Oregon Short Line George A. Hawkes, for the past ten years live stock agent of the Denver and Rio Grande Railroad, has resigned to accept a position with the Oregon Short Line. The resignation took effect June 1st and Mr. Hawkes immediately took up the duties of his new position. He is one of the best known railroad men in Nevada. His headquarters for most of the time will be in Reno.

CONFIDENCE MEN NOW ON THE RUN

Sheriff Ferrel and his deputies are giving the confidence men who are now infesting Reno no rest. Yesterday he had several more of the well dressed gentry on the carpet in his office and they promised to leave town at once.

Already the ranks are showing the effects of the crusade started by the sheriff. Mr. Ferrel last evening stated that he intends to keep up the good work and see to it that the laws are not violated.

PILGRIMAGE TO START TONIGHT

Fifty Tyros Anxiously Await the Journey Across Hot Sands to Khorassan Shrine

This evening the members of the Dramatic Order, Knights of Khorassan, will reign supreme.

After weeks of preparation everything is in readiness for the annual summer pilgrimage across the hot sands that lead to the great shrine all true Knights worship. Plans are made to take fifty or more tyros on this interesting journey and at least 250 members of the order are expected to be in attendance.

The ceremonies will be held at the Eagle Hall and promise to be the most interesting yet held by Zaynab Temple.

It is understood that Truckee is to be well represented at the session. Carson, Virginia, Fallon, Lovelock and other towns throughout the state are also going to send delegates.

The ceremony will be followed by a banquet which will be served by Host North at the Hotel Golden. Plates will be spread for 300 guests.

Owl Saloon Cafe

The Owl saloon is to have the addition of a new restaurant and cafe which is to be installed in the rear of the well known establishment. The cafe will be a strictly first class eating place at which hungry man may garnish his interior with the choicest viands the market produces. The restaurant will be opened within a few days.

PYTHIAN GRAND LODGE WILL CONVEENE TODAY

Delegates from the various Pythian lodges of the state will assemble here today to hold the annual session of the grand lodge. It is expected that three score or more delegates will be here from other towns.

The grand lodge will remain in session two days adjourning tomorrow evening. Reports will be received from the various officers and the newly elected officers will be installed tomorrow evening.

Arrangements have been made by members of Amity Lodge to entertain the visitors during their stay in the city.

MRS. OLIVER WANTS LEGAL SEPARATION

Divorce proceedings were instituted in the district court by Mrs. Catherine Oliver, through her attorneys, Currier & King, yesterday against her husband, James H. Oliver. The plaintiff alleges extreme cruelty and asks for the custody of a ten-year old child, by her former husband.

The couple was married at Salt Lake four years ago. The specific allegations of cruelty state that her husband struck her while in Tonopah early this year.

Picnic Next Sunday Another grand picnic will be held Sunday at the Riverside Pleasure Park, one mile west of town, under the direction of Professor Holland. Busses leave every half hour from the corner of Virginia street and Commercial Row. Free admission to the grounds. ju1w

When You Buy Clothes Pay Enough

Buying a suit simply because it's low priced seldom accomplishes what you think it does. You think it's economy; more likely it's waste.

You say you can't afford all-wool clothes; the truth is you can't afford anything else. Mercerized cotton fabrics may look good; they may be lower in price; they certainly ought to be.

But all-wool means a lot of things besides the texture of the cloth; it means satisfaction in service; more than that, it means the self-respect which wearing the real thing brings.

Wear all-wool because it pays you; the true economy. That's what our label means; all-wool economy; a small thing to look for, a big thing to find.
